## Statistical Conventions:

- ... data not available.
- nil or non-existence of the event considered.

**0 ou 0.0** less than half the final digit shown.

- \* preliminary figures.

A hyphen (-) between years (1970-75) indicates the years covered, including the beginning and ending years.

A bar (/) between years (1970/75) indicates the average of the years covered, including the beginning and ending years, or even crop or agreement year, when mentioned in the text.

Minor discrepancies between constituent figures and totals as well as percentage changes are due to rounding.

There are no references to sources in tables and graphs originated in the Banco Central do Brasil.
