* trend since the last Market Readout; the figures in parenthesis express the number of weeks with the same behavior
 (▲ increase, ▼ decrease or = stability)

¹ Up to 4/21/15, the expectations for foreign direct investment (FDI) and current account result followed the methodology of the 5th edition of the IMF Balance of Payments Manual. On 4/22/15, the participating institutions were guided to follow the methodology of the 6th edition, which considers direct investment liabilities (DIL) instead of FDI and modifies the calculation of the current account result.
